

Soldier Barks Death Plot.
It seemed to J. A. Stone, a Civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 175 pounds. My severe cold, obstinate coughs, hemorrhages, asthma and to prevent pneumonia it's unrivaled. 50c and \$1. Trial bottle free. Guaranteed by The Lee & Osgood Co."

The Secret of Long Life.
A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. It's a godsend to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c at The Lee & Osgood Co's.

Foley's Orino Laxative cures constipation and liver trouble and makes the bowels healthy and regular. Orino is superior to pills and tablets, as it does not gripe or nauseate. Why take anything else? The Lee & Osgood Co.

WESTERLY'S POSTOFFICE SITE

Acceptable to Government—Members of Monday Reading Club to Provide District Nurse Service—Engineer Mullaney Injured—Rumor that Railroad Station Improvements are Merely Postponed.

It is definitely decided that the new postoffice building will be located, in part, upon the site of the present building and upon property owned by the estate of Hannah B. W. Brown, as the treasury department has accepted that location. This action gives opportunity for steps to be taken that will result in the required state legislation ceding the property to the government. There is much detail to this work, but it can be completed in time for action at the present session of the general assembly.

There is a clause in the laws regulating the location of federal buildings that requires that there be a street and an alley, or two streets, abutting the property, which condition does not exist at the present time in Westerly, although this change is contemplated by the trustees of the Brown estate.

However, the government inspector had to report on the proposed site as he found it. The plan is to have a driveway over a part of the land occupied by the present postoffice building, to skirt along the boundary of Wilcox park and the Brown property, back to High street, between the residence of Dr. J. Howard Morgan and the Hinckley & Mitchell building.

The site is the most, unanimous choice of the people of the town, and Representative Capron has assurances from the treasury department that it would forward to the house committee on public buildings and grounds a recommendation that a paragraph be inserted in its next bill exempting the Westerly site from the required street or two streets, requirement, especially as these conditions are to be complied with when it becomes possible to do so.

The site has been accepted and \$100,000 appropriated, so it really looks as though Westerly were to have the much needed and long looked for postoffice building, the site and its surroundings being difficult to equal anywhere.

While the members of the Westerly Medical society are active in their efforts to establish a hospital in the town, the ladies of the Monday Reading club are doing effective work along similar lines. Over a year ago at a meeting of the club with Mrs. Charles Perry, a superintendent of district nurses in New York gave an interesting address on the work accomplished in the largest cities and showed the need of district nurse work in places the size of Westerly. The address left the impression, and members of the Monday Reading club have given the matter much thought, which has culminated in decisive action.

At the last meeting it was voted to engage the services of an experienced district nurse to administer to the sick in Westerly whose financial condition would not permit the engagement of some one to care for them during illness. The salary of the nurse will be paid by the subscriptions of charitably disposed persons.

A committee was appointed to engage the nurse, but it is not yet known just when the service will begin. It is not expected that one nurse can administer to the sick of the whole town, but she will make regular visits and direct others in how to properly care for patients, and see to it that none are neglected. In critical cases she will give her personal services as far as possible.

The district nurse service will be experimental in Westerly, and if it is demonstrated that there is actual need for such service, the force will be increased, provided there be proper financial support.

At present Alexander Smith, the city missionary, does much district nursing in caring for the sick as best he can, but his services are necessarily confined to men, and is a hardship that he can hardly bear in connection with his many other duties.

While going from the wharf to the tug Westerly on a plank, Engineer Patrick Mullaney was thrown to the deck with considerable force, his leg breaking. Two ribs were broken, and it is believed he is otherwise injured. The mishap occurred Wednesday morning. Mr. Mullaney was about to walk to his home, in Stillman avenue, with the assistance of two men.

Local Lacerations.
No call has been extended as yet for a pastor of the Calvary Baptist church. Evangelist Fear is preaching nightly to large congregations in Grace Methodist church.

It is an attorney from Providence is to assist in the local liquor prosecutions.

City Missionary Alexander Smith will hold a series of evangelistic meetings in Potter Hill chapel, beginning next Sunday evening.

The majority of the committee appointed to nominate officers for the board of trade are officers of the Westerly and Pawtucket Retail Merchants' association.

Rhode Island steamer, No. 1, which has received a new boiler and undergoing extensive repairs for the past two months, is expected back in Westerly before the end of the week.

Miss Catherine S. daughter of Mr. and Mrs. William S. McDougall, of Westerly, and Paul W. Konitshek, of Stamford, were married in Westerly Monday afternoon by Rev. Peter McGowan.

A formal petition for a change in the layout of the tracks in Main street, with plan showing the proposed trolley extension along the water front, will be submitted at the next meeting of the Westerly town council.

The report of George H. Utter as

Beware of Ointments for Catarrh That Contain Mercury.
as mercury will severely destroy the sense of smell and completely damage the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

THE PORTEOUS & MITCHELL CO.

And Now For That Great Annual Event of So Much Importance to Housekeepers, Wherever They May Be,

OUR ANNUAL SALE OF

Kitchenware

There are many sales of Kitchen Utensils during the year—but in the quantity of goods involved—in the genuine bargains offered—this Sale surpasses all others.

TWO PRICES IN THIS SALE

29c

39c

SALE WILL BEGIN TODAY WHEN THE STORE OPENS AT 8.15 A. M. AND WILL CONTINUE UP TO SATURDAY, FEBRUARY 13.

We have ample quantities of everything advertised to supply all who may come within reasonable time, but to be certain of getting just what you want we advise an early visit.

Three important facts in connection with this Sale are:

FACT NO. 1—Goods advertised are all new—every piece bright and clean and was bought for this Sale.

FACT NO. 2—Every reduction quoted is absolutely correct—no fictitious values given.

FACT NO. 3—Every item advertised can be had by all who come within a reasonable time. No disappointments.

Bring this list with you—it will help you in making selections.

Orders by mail or telephone will be given prompt attention, and goods ordered in that manner will be delivered if within the proper radius—or will be held until called for.
